a better life

VX45 4WD

Key Product Features & Benefits

Swivel Cable Helps Prevent Tangling

The 15m floating cable features swivel to help prevent cable from tangling.

eBOX

The eBOX makes it easy to operate the cleaner at your finger tip. The eBOX allows you to program the cleaner to run each day for up to 7 days when you go on holiday. It indicates when the filter canister is full and also allows you to activate the patented Lift System.

Patented Cyclonic Vortex Vacuum Technology

Vortex technology provides powerful and constant cyclonic suction. This allows the Vortex-Pro Robotic Cleaner to capture large debris such as gum nuts, twigs and eucalyptus leaves while not losing suction power throughout the cleaning cycle.

Large and super easy to clean filter canister

Never touch debris again thanks to the easy access and hygienic design of the filter canister. Clean and remove debris in a matter of minutes with minimum fuss.

Plug & Play Simple Installation

Simply plug the power cord into a regular 240V wall socket and press START on the control box. The Zodiac VX45 4WD starts cleaning whilst you relax.

Patented Lift System

Enjoy easier removal of the cleaner with 20% less effort.

Certified to Australian safety standards

Product Specifications

- Robotic pool cleaner
- Easy Installation: Plug & Play
- Cleaning cycle: 1h30 floor only – 2h30 floor/walls/waterline
- Energy consumption: 150 watts per hour which is less than running a LCD TV for 1 hr.
