

APPLICATIONS

Ideal for most swimming pool applications such as:

- Filtration
- Auto pool cleaning
- Backwashing
- Water features
- Spa jet operation
- Solar pool heating

WHY CHOOSE THE PowerMaster® ECO 2 Speed pool pump?

The PMECO 2 Speed allows you to choose from ECO Flow for pool filtration and flow for automatic pool cleaning, backwash or high bather load. Small physical footprint to fit those tight and confined spaces.

Low Power Usage Low Cost - Comes with 6 Star energy efficiency rating, with super low emissions and even lower power usage.

Intelligent - Two speed control for efficient use all year round.

Energy and Costs Savings - Great energy savings at less cost.

Lower Noise Levels - Quiet noise level of only 60.5db, allowing you to run your pump at any time of day or night.

Davey Dependability Built In - Using proven AC motor technology, the PowerMaster® ECO 2 Speed offers dependability you have come to expect from all Davey products.

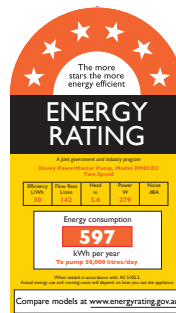

3 Year Guarantee - Peace of mind from an Australian designed and engineered pool pump.

DAVEY
PowerMaster®
ECO-2 SPEED

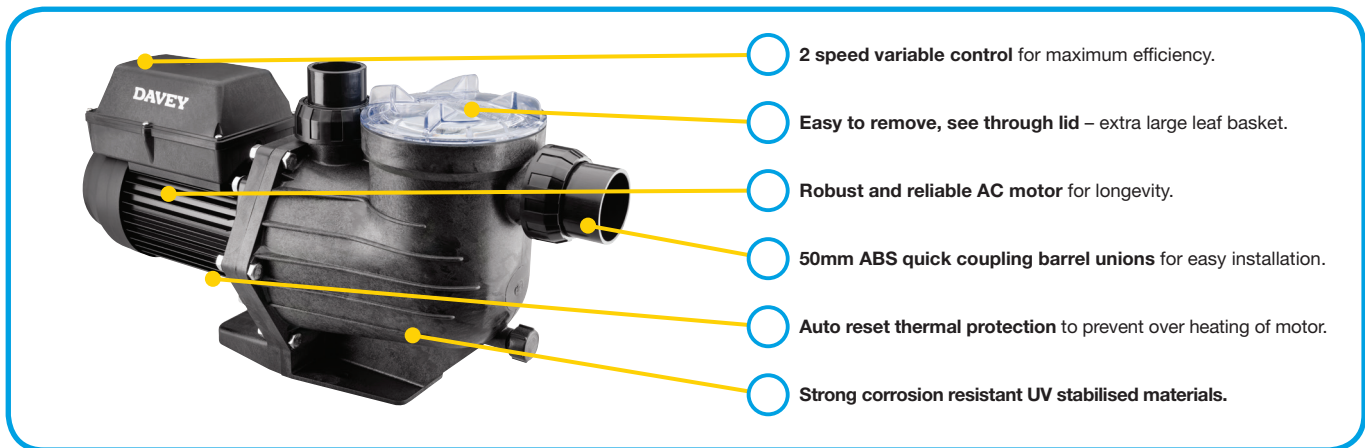

6 Star Energy Efficient Swimming Pool Pump

- 6 star efficiency
- One speed for energy saving
- One speed for the power you need for all applications

Independently certified.

| ELECTRICAL DATA | |
|-----------------------------|---|
| Model | PMECO |
| RPM | Eco Flow Speed – 1450 High Flow Speed – 2850 |
| Enclosure Class (IP) | 25 |
| Insulation Class | Class F155 Insulation |
| Voltage (V) | 240 AC |
| Supply Frequency (Hz) | 50 |
| Run Current (A) | 7.1 |
| Motor Input Power (W / hp) | Eco Flow - 279W / 0.37 hp |
| | Hi Flow - 1510W / 2.02 hp |
| Motor Output Power (W / hp) | Eco Flow - 223W / 0.30 hp |
| | Hi Flow - 1208W / 1.62 hp |

| OPERATING LIMITS | |
|-----------------------------|------|
| Maximum water temperature | 50°C |
| Maximum ambient temperature | 55°C |

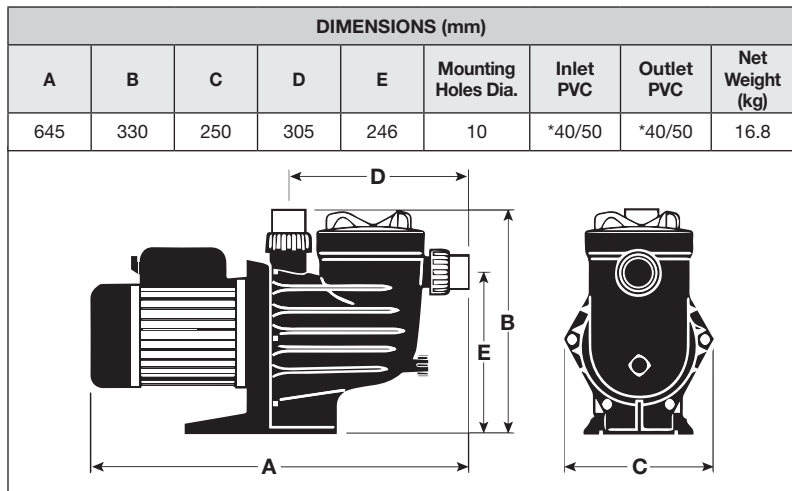

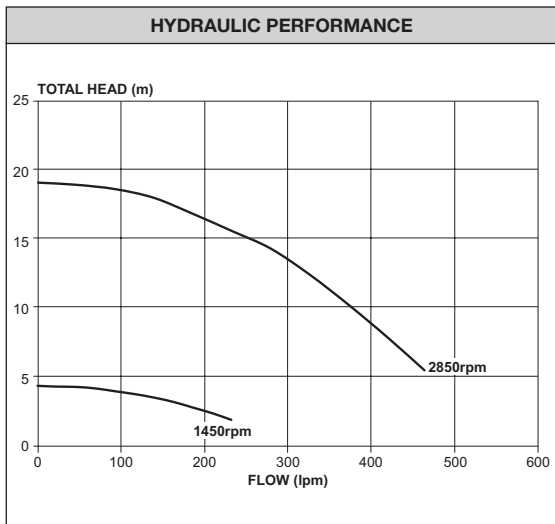

Low Energy Operation:
Your PowerMaster® ECO Series pump has 2 speed settings:

- 1. Eco Flow – Lowest Speed**
- 2. High Flow – Highest Speed**

Eco Flow mode provides the lowest speed and therefore the greatest energy savings.

| Operation | Recommended Speed Setting |
|----------------------------------|---------------------------|
| Pool filtration | Eco Flow |
| Automatic pool cleaner operation | High Flow |
| Backwashing your media filter | |
| Manually cleaning your pool | |
| Water feature operation | |
| Spa jet operation | |
| Solar pool heating | |

* Suction & delivery accept both 40mm and 50mm PVC pipe.
