

## DAVEY

### APPLICATIONS

- Residential backyard swimming pools

**NEW**  
PH DOSING  
PUMP &  
CONTROL

### Davey pH Peristaltic Pump & Control

Keep your pH in check and pool crystal clear and clean all year round with the use of a Davey pH peristaltic automatic acid dosing pump.

### WHY CHOOSE THE Davey Peristaltic pH monitoring and auto-dosing pump?

- Automatically doses and maintains safe pH acid levels in your pool
- Maximises the value and enjoyment of your pool
- Low maintenance, less chemicals to handle and use
- Easy to install - plug and play
- Has low pH and high alarms which stop the pump and displays the current status
- Compliments and assists in the disinfection of salt water chlorinators, chlorine and liquid chlorine systems
- 100% compatible with pool acid commonly used to help balance your pool pH levels
- Suitable for aftermarket and other non Davey chlorinators\*

- Simple to set pH and calibration
- Easy to read digital LCD display
- Built with strong corrosion and UV-resistant materials for long service life
- Strong & durable corrosion resistant Tygon peristaltic tube and roller holder
