

Oasis RP 22/26/32/40T RAPID PRO Heat Pumps

Key Features:

Super Quiet Technology
Perfectly matches the inverter-compressor with the 3D Heat Exchanger for super quiet operation.

Full Inverter Technology
Latest technology delivers quieter and more efficient performance.

3D Titanium Heat Exchanger
A new generation of titanium heat exchanger.

Coefficient of Performance
Running at 26°C heating and at 20% capacity the heatpump can deliver a COP of 20.

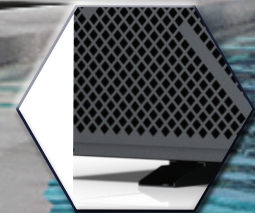

Intelligent Controller
Easy to use intelligent controller shows real-time power consumption.

Eco-Friendly R32
R32 refrigerant offers a low Global Warming Potential (GWP), improving heat exchange efficiency and promoting environmental benefits.

WiFi Enabled
Take full control of your pools' temperature with a built in WiFi module.

Durable Cabinet Materials
1.5mm Aluminium Alloy powder coated casing.

SINGLE FAN HIGH kW POOL HEAT PUMPS

Pool heat pumps draw free energy from the air to heat your swimming pool to a comfortable swimming temperature. It is a cheap to run, ecological and reliable heat source. Oasis have been manufacturing and distributing pool heat pumps to the Pool Trade for over 25 years and are the choice of many of New Zealand's best pool builders.

The Oasis Rapid Pro Heat Pumps utilise the best available components and technology to deliver an exceptional product that's unsurpassed in its energy efficiency and reliability. The RP series offers multiple heating modes to customise the heat delivery: 'Turbo' mode for fast heat up, 'Smart' mode for best energy efficiency, and 'Silent' mode for even quieter operation. The use of environmentally friendly R32 refrigerant enhances the efficiency of the heat exchange process, while the new Aluminium Alloy casing is durable and delivers a contemporary look.

All heat pumps in the Rapid Pro series come with built in Wifi to take full control of your heatpump. The controller on the pump is simple to use and shows real time power consumption.

Oasis Heat Pumps Ltd is a wholesale supplier of residential and commercial pool heat pumps to the NZ pool Industry.
