Pools**

About

Paramount Pools

2.

*Since 1967 we've been helping
Kiwis create lifelong memories.*

We've been manufacturing and installing the pools that kids have learned to swim in, that adults have lounged beside, and that families have spent endless hours splashing about in.

A swimming pool is a focal point; a place where friends and family can gather to

spend quality time together, basking in the sun and frolicking in the water from the comfort and security of their own backyards.

Manufactured in New Zealand and designed for local conditions, our pools are made from the most durable

products, to the most exacting standards. They come in a range of sizes to suit any budget, ensuring everyone has the opportunity to experience the unbridled joy that comes from owning a pool!

The Lido Pool

The Lido provides an affordable way to turn your property into a place where 'fun in the sun' is a way of life!

Available in both oval and round configurations and designed to be complemented by a deck or tiled area, the Lido will act as the feature of your outdoor entertaining space, instantly becoming a spot that kids and adults alike gravitate to.

*Landscaping is not included.

Water

Treatments

Chemical Treatments

Children (and adults, of course!) can spend considerable time splashing about in pools, enjoying not only hours of fun, but also learning about water safety and getting plenty of physical activity in the process. With that in mind it's imperative that your pool is clean and healthy. Our range of chemical treatments will help maintain sparkling clear water and a safe environment for you and your loved ones.

Water Treatment Dispensers

Trichlor Feeder - Allows you to set how much chlorine is added into your pool, using a highly effective system to automatically dispense chlorine tablets into the water at predetermined intervals.

Chemigems - Chemigem tests your water constantly, working in conjunction with your pump system to automatically add chemicals as and when necessary, using less chlorine and acid in the process.

Always read and follow instructions carefully. If there is anything you do not understand please ask for help. Chemical instructions are also available on our Pool Chemicals DVD.

8.

Accessories

Pumps

As part of our commitment to offering complete pool solutions we stock a wide range of pumps, including Power Plus, Paramount and Filtermaster pumps, all of which share the following attributes:

- Quiet operation
- Top flow rates
- Non-corrosive construction
- Totally enclosed fan cooled motor
- Available in self prime and suction pump versions
- Large hair and lint pot for optimum action
- Efficient and trouble free performance
- Stainless steel fasteners
- A two year warranty

Filters

Our quality filters and water purifiers will help keep your pool clean and healthy. Some of the key attributes of our filter systems include:

- Fibreglass construction
- A top diffuser, ensuring even distribution of water over the top of the sand bed
- Dependable, non-corrosive materials suitable for all weather conditions
- An easy-to-use multi-port valve that lets you select any of the valves or filter operations with a simple lever action
- A UV resistant surface that allows the filter to work under direct sunlight
- Glass media for superior filtration

Heating

Solar heating enables you to enjoy your pool all-year round, allowing you to control the temperature of your water and ensuring you make the most of your investment.

- All components are designed and engineered to the highest standards
- The panels are custom made to your roof size and designed to meet your pool size
- There is a 10 year warranty on solar heating systems
- The pumps and controllers have a two year manufacturer's warranty
- Full replacement parts are in stock at all times if required

Covers

As well as carrying covers for all the pools we stock we're also able to manufacture covers to suit any commercial or domestic pool. Our range includes thermo blankets, bubble covers and debris covers, with aluminium pool rollers available for all.

Accessories

We stock a full range of accessories including pool cleaners for vinyl, fibreglass, concrete and tile pools, all backed by a full two year warranty.

Our range also includes:

- High rate sand filters
- Test kits
- Vac heads
- Leaf rakes and scoops
- Chemical dispensers

- Accessory handles
- Tablet feeders
- Pool hoses in both 32mm & 38mm versions
- Ladders
Our ladders are made of stainless steel and manufactured with non-slip nylon and polypropylene steps. They are available in 2, 3, and 4 step versions, while a polypropylene ladder with a safety lift-up is also available for above-ground pools.
